

DE-RISK WITH INSIDERLENS: 100% PIT COMPLIANCE, COMPLETE PEACE OF MIND!

Complying with SEBI's Prohibition of Insider Trading (PIT) Regulations (2015) is a key piece of the corporate governance puzzle, as penalties run into millions and enquiries weigh on your resources. More importantly your business' reputation hangs in the balance.

To side step the blow that non-compliance can deal to your business, invest in InsiderLens- a meticulous, affordable software that facilitates 100% PIT compliance.

Smart features save time, funds and resources

1. Creates SDD as per the regulations- simply and quickly
2. Dashboard provides important and urgent signals.
3. Provides audit trail (date and time stamps)
4. Bulk upload facility simplifies SDD creation using old data
5. Validates data as you enter it
6. Creates important reports

7. Issues multiple alerts and reminders for all critical activities
Eg: 3 alerts to ensure timely TWC issuance
8. Records all communication to DPs
9. Speeds up date entry with a user-friendly interface
10. Tracks annual and periodic disclosures
11. Records trade pre-clearance requests and intimations.

An investment in InsiderLens yields boundless benefits

As you focus on boosting business efficiencies post-COVID, this fully-automated, secure solution is the most convenient way to address PIT compliance.

1. 100% compliance for complete peace of mind
2. 1 software for all PIT compliance requirements
3. Action prompts facilitate swift compliance
4. Safeguards Cos and DPs from regulatory action
5. Obtains necessary commitments from DPs
6. Timely updates for compliance with new/amended regulations
7. Seamless software updates equal nil downtime

An independent PCS firm has attested that InsiderLens meets all mandatory compliance requirements!
